### ONGOING RESEARCH:

Currently, the LCP survey displays 128 questions and three open-ended questions for comments. Among the 128 questions:

- 124 are the core LCP questions (above) - which always remain the same and are used in scoring the LCP or the LE scale
- Four are LCP 2.0 test questions - these test questions change every two or three months, are NOT used in scoring the LCP or the LE scale, and do NOT appear in the report.

The LCP 2.0 questions are new questions we are testing to strengthen correlations in a few of the LCP dimensions. This process of testing further LCP 2.0 questions involves several sets of questions and started in 2021. A current example of the 4 test questions displayed in the LCP survey is as follows:

#### **Self**

I take credit rather than share credit.

I am drawn to competition rather than cooperation.

I often take on work for myself that could have been delegated to others.

I try to do too much given the resources available.
